**This year I hope to make everyone aware of my Charity, I have a passion for those that serve. They are an amazing group of people that protect us, save our lives and our country. They have superior inner strength that we can only dream of having, yet they suffer daily from the severe things they see on a daily basis. PTSD is a cancer that grows in them and unfortunately some do not survive. Honour House provides a respite for them and they have people at the Home and on the Ranch that help them.**

**People Helping People just like us. Please join me this year in honouring those that Serve.**

**Ask them to join you at the club for a dinner, raise some money for them or just let them know we honour them.**

**Thank you**

**Barbara Bell**
